

The ANDREW PIERCE CORPORATION is renowned for its exquisite homes - located in some of the most prestigious communities in the desert including the Vintage, Tradition, Bighorn and The Reserve. Principals Gary Lohman and Tad Smyth have demonstrated a commitment to provide exceptional value and quality in every custom and spec home they build. For over the past thirteen years, their imprint had been placed on more than one hundred homes in the Coachella Valley.

The Company had built its solid reputation on tight expense controls and total dedication to its clients. The result has been lasting relationships with home buyers.

Industry awards have been many, including Home of the Year by the Pacific Coast Builders Conference - Grand Award for the Best Custom Home from the National Association of Home Builders, and many others.

*But the real reward for the Andrew Pierce Corporation has been knowing that it has created timeless homes and transformed dreams into reality.*

Palm Springs: shown here are 2 of 5 homes completed in 5,000 to 6,000 sq. ft. range designed in Mediterranean and California Mission vernaculars, at the Tradition Golf Club. 1999 - 2002

All photos are houses designed by Hugh Huddleson.
